

Your *SINGLE SOURCE PARTNER* in FLUID TECHNOLOGY INTRODUCES ...

ADVANCE™ **NON-VOC** Metalforming Fluids

Metalloid's **ADVANCE™** Metalforming Fluids are formulated with Botanical Based, NON TOXIC renewable resources. Our **ADVANCE™** products are *oil free and VOC free fluids that are friendly to people and the environment.*

ADVANCE™ 2100 AL-3 is a *multi-metal Synthetic Metalforming Lubricant* formulated to provide high level lubricity performance that will offset the use of conventional chlorinated additives. **ADVANCE™ 2100 AL-3** is water-white and water-thin and particularly suited where invisible residue and viewing of the work piece is preferred.

ADVANCE™ 815-BVO is a *Botanical Based VOC-FREE Vanishing Lubricant* with excellent high temperature oxidation stability. It is recommended as an environmentally friendly petroleum alternative for industrial applications. It contains no solvents and is applied in a thin film.

Let Metalloid be your single source partner for all your fluid needs. Contact Metalloid Corporation for more information about our complete line of fluids for your specific application at 1-269-503-7300 or visit us on the web at www.metalloidcorp.com
