

## METCOR 52 Water Based Corrosion Preventative

### Product Description

**METCOR 52** is an oil free, biodegradable, indoor corrosion preventative for all metals, **METCOR 52** uses "Green Chemistry" derived from botanical renewal resources. **METCOR 52** is both people and earth friendly without sacrificing performance.

### Benefits

- Compatible with most alloys
- Heat treatable film
- Contains no hazardous oils or solvents
- Easy to remove or clean off
- Biodegradable
- Long term indoor protection
- Dry transparent film

### Applications

- Final rinse protection in cleaner lines
- Additive to enhance vibratory cleaning/protection
- In-transit part protection
- Dip coating machined parts
- In process protection prior to painting, plating or finishing

### Directions For Use

**METCOR 52** can be used as received or diluted down to 1:10 with water for lighter film weights. The deposited protective film will dry to a semi hard transparent coating. This coating seals the metal surface offering substantial indoor corrosion protection to both ferrous and non-ferrous metals.

### Packaging

**METCOR 52** is available in 5 gallon pails, 55 gallon drums, 330 gallon totes and bulk.

### PROPERTIES

PROPERTIES			
<b>Appearance</b>	Light brown, hazy liquid	Flash Point	None
<b>Odor</b>	Bland	Protection	Short term, indoor
<b>Water Solubility</b>	Completely at all proportions	Film	Semi hard
