

**ADDVANCE METGREEN  
Low VOC Cleaner**

**Product Description**

**METGREEN** is a biodegradable, low VOC, in-process cleaner and lubricant for all metals. **METGREEN** is a multi-functional product in that it is an in-process cleaner for small parts processing, a lubricant for light duty stamping and cutting, and a penetrating lubricant and release agent. **METGREEN** is completely botanical in composition and contains less than 5% VOC's. **METGREEN** is a safe alternative to mineral spirits, alcohol, d'limonene, or other aliphatic or aromatic solvents.

**Benefits**

- High flashpoint > 300°F
- Safer than petroleum solvents
- FDA approved for in-direct food contact
- Water rinsable
- Multi-functional –cleaner/lubricant/penetrant/mold release agent
- Low evaporative emissions (< 0.005 @ 76°F)

**Applications**

- Small parts tank cleaning
- Mold release agent for metal and concrete
- Grease, ink, and oil removal from metal parts
- Short-term rust protection
- Cleaner for adhesives, waxes, oil-based paints
- Light sawing and stamping of all metals
- Tool cleaning
- Non-flammable equipment and press cleaner

**Directions for Use**

**METGREEN** is used as received. After use the residual film can be left on or rinsed off with water for further processing.

**PACKAGING:** Available in 5-gallon pails, 55-gallon drums, 330-gallon totes.

PROPERTIES			
<b>Appearance</b>	Light, Yellow Clear	Water	Yes
<b>Odor</b>	Bland	Biodegradable	Yes
<b>Specific Gravity @ 70° F</b>	0.882	Renewable Resource	Yes
<b>Flash Point</b>	>300 °F	% VOC	<5%
<b>Boiling Point</b>	634 °F	Wetting	Excellent- Low Surface
<b>HMIS Rating</b>	0-1-0	Viscosity	4.72
